Dear Maria,

In trying to fix this situation, I have talked with the above.

He knows everything and I have asked him to mediate a call between us. He has agreed to do so if you are willing. Continuing to ignore this situation is only making things worse and will not deter my efforts to resolving it. I know you are a private person and I am trying to keep things private but you are leaving me no options. Circling the wagons and character assassination are not going to work. I am done carrying the burden of this one on my soul and I am trying to help both you, Madison, Lisa and my nephew spiritually. Please try and understand I am trying to help fix this situation as Todd needs HELP.

Please call Landon and I continue to pray for you and the family.

Most sincerely,

D
